

Mo's Place Radio is a recently launched streaming radio station based in Dracut, MA. Mo's Place Radio can best be described as a "feel good" radio station, playing a little something for everyone from classic rock to country, trop rock to reggae and everything in between. In just over a month of operation we have attracted an audience of over 500 listeners and followers throughout the Merrimack Valley and Southern NH.

As we continue to grow and expand we are opening up advertising opportunities for local businesses both on-air and through our website and social media channels. We currently have the following opportunities available:

Premium Sponsor: Eight (8) premium homepage sponsor slots are available at \$50/mo per ad on a first-come basis. Premium sponsors will also receive primary ad placement on our Sponsors page.

Standard Sponsor: Sponsor page placement at \$25/mo per ad. Placement on the Sponsors page is also on a first-come basis.

All sponsors will also receive exposure throughout the year on-air* and via Mo's Place Radio's website and all social media channels at no additional cost.

**one-time \$25 setup fee for on-air content development)*

We appreciate the opportunity to work with you and think you will find that a partnership with Mo's Place Radio will be mutually beneficial.

We look forward to hearing from you!
